

A Global Upstander Streamcaster Journey into Journalism.

The Upstander Network's World of Streamcasters is there to Bridge Communities into having more Acceptance through Understanding and Appreciation of Culture.

The Upstander Network's premier league of reporting starts with our Upstander Community Streamcaster's.

What is a Streamcaster?

Well it's simple, upon challenges that build knowledge, character, self-esteem and empowerment was in line to impact our students!

Sponsors like GOVrTUO.com and LXROrganics.com make it possible to award schools and students with the best opportunities to tell the worldwide audience their stories!

Upstanding to protect those who feel alone;
TOGETHER. These stories will inspire, empower
and change the culture of learning.

THE UPSTANDER NETWORK

The Upstander Network's premier league of student households participating in the Upstander Streamcaster Program are dream builders, motivated by telling the real story surrounding the Upstander, sports and event happenings in their community.

Annual Program: Upstander Network's Uplift Media

In the process of reporting the Upstander Student News, Sports & Event Happenings, the intent of the program is to allow local students a voice and intellectual community to speak to.

The program provides human mentoring sessions provided by award winning journalists and producers of media content.

The program doesn't require any special equipment or technology beyond your basic preference of personal shooting video.

The coaches that lead the interactive sessions are available to help each Upstander student strive and empower others with their works.

If your student is interested in being part of history, a new movement, a powerful voice for peace and appreciation of others.

Welcome to the Upstander Movement!

LEVEL I: STREAMCASTERS

Level one is for beginners ages 8-10 who have never had any form of training or tutoring in creating videos and audio streaming media. These Upstander students are the future advanced students of the bullying epidemic awareness networks intent to influence households with positive reinforcement of media with our Streamcasters reporting news we can all live with.

Join one of three levels of Streamcaster Students

Boys & girls are encouraged to participate the same!

LEVEL II STREAMCASTERS

Level two is for ages 10-13 who wish to participate in the middle school program. This program is also open to Boy Scouts and Girl Scouts to participate as special reporters in nature and conservation. Upstander students in middle schools are encouraged to be creative and center sharing their stories around things that make us feel warm and fuzzy inside!

Stories about those around us the world wants to know!

Special reports on Upstander Network Shows

LEVEL III: STREAMCASTERS

Level three is for ages 14-24 in High School, University, College or Technical College who have a desire to learn media reporting and basic principles of advanced mass Communications.
