

THE WORLD'S MOST POWERFUL FORCE IS AN UPSTANDER COMMUNITY

A PEER TO PEER PROGRAM

As leaders of their communities, the Boys & Girl Scouts hold generations of accomplishments in character building and community support.

Generations Against Bullying (GAB) and the Scouts have joined together to help learn the characteristics of an Upstander to prevent and stop bullying behavior, and earn an Upstander Patch.

The Upstander activities will help your Scouts learn, inform, prepare, prevent and become Upstanders in their Scouting events, schools and community.

The Upstanders skills will inspire the Scouts to spread the message and influence others to become Upstanders, ultimately creating a positive school climate and providing a school of inclusion.

Through empowerment, confidence, team-building, communication skills, citizenship and empathy, the Scouts will learn to become Upstanders which will create a safer, healthier, and a positive learning environment for all the Scouts and students.

STREAMCASTER PROGRAM

Our celebrity Jr. Journalism program allows the Scouts to create and provide nature themed programming that is in line with promoting Scouting involved events, happenings and jamborees.

Our Upstander Ambassadors of Hope will be there to support the Upstander young citizens using today's best technologies and communications.

Upstander challenges provide vital extracurricular funding directly impacting the Scouting families and their Troops!

UPSTANDER SCOUT

In Generations Against Bullying's effort to end bullying it starts with the Upstander Peer-to-Peer Program. The same citizen principles the Scouts historically strive to accomplish!
